Cadillac was the first automobile maker in the world to mass-produce V8 engines. [citation needed] The company has produced many generations and variations of V8s since 1914.In 2010, when the Northstar engine series ended production, it became the last General Motors division to retain its own proprietary V8 design. This changed when Cadillac created the twin-turbo 'Blackwing' engine in 2019.

When it made its debut in 1994, the Concours (pronounced kah'n' kor) combined Cadillac's market-tested luxury appointments with the muscular Northstar powertrain. Cadillac seemed to be telling its traditional buyers – mostly middle-aged and older – that they could still ensconce themselves in Cadillac-style luxury without completely forgoing the speed-demon impulses of youth.

### 1995 Cadillac DeVille Review - NewCarTestDrive

hello all kinda new to this place. I own a 1995 cadillac deville concours with the VIN Y northstar engine and recently iv had some problems with the oil pressure sending unit on my car. occasionally i will get a low oil pressure warning and will have to kill the engine to prevent damage. im a little curious tho about whether or not the engine could actually be having oil pressure problems so ...
