Beyond this 'chaos point,' we either evolve to a safer more sustainable world, or the social, economic, and ecological systems that frame our life become overstressed and break down. "The 2012 chaos point need not be the end of the world, but it will certainly be the end of the kind of the world we have created.

Irresistible Community Builders Presents: Chaos Point for ...

This is the Chaos Point, but this need not be the end of the world, only the end of a phase of the world beyond which a new world could dawn. In today's decision-window we have a unique chance of creating that new world and this pioneering book tells us what healing and renewal means, and how each of us can help in achieving it.

KEY POINTS: "Chaos and pandemonium" refer to the complete breakdown of what is known as "dharma" in the East. Dharma is the foundational law and order of human civilization, as well as of the Universe. Dharma is always aligned with divine law, natural law, universal law, cosmic law, authentic scriptural law, etc.

And indeed if anything gives me hope today, it is the fact that no fixed futures exist for anything. Read this book --and others like it -- to understand why Terence McKenna projected 2012--December 21, to be exact -- is beyond a doubt the transformation, or "chaos point," in human history, as I do and systems theorist Dr. Laszlo.

Researchers have discovered a new superhighway network to travel through the Solar System much faster than was previously possible. Such routes can drive comets and asteroids near Jupiter to Neptune 's distance in under a decade and to 100 astronomical units in less than a century. They could be used to send spacecraft to the far reaches of our planetary system relatively fast, and to ...

The process of scientific discovery seems unable to keep pace with the looming chaos. As the world scientific community reported last November: “Despite 40 years of global climate negotiations, with few exceptions, we have generally conducted business as usual and have largely failed to address [the climate crisis].

I can't say much more about it at this point, as the events in *The Alchemy of Chaos* and *An Import of Intrigue* play directly into the plot. In early 2018 we'll be seeing the second Holver Alley book, *Lady Henterman's Wardrobe*. All I can say at this juncture is that it thrusts the Holver Alley characters into a very different world.
