Linguistic philosophy is a unique approach towards understanding languages and philosophy. It is a methodical and analytical study of a language to understand it better and includes the analyses of its structure, meaning, development and evolution through times and its varied interpretation accordingly.

Linguistic Philosophy | Linguistics Science

Philosophy of Language is the reasoned inquiry into the origins of language, the nature of meaning, the usage and cognition of language, and the relationship between language and reality. It overlaps to some extent with the study of Epistemology, Logic, Philosophy of Mind and other fields (including linguistics and psychology), although for many Analytic Philosophers it is an important ...

Philosophy of Language - By Branch / Doctrine - The Basics ...

The phrase "linguistic turn" was used to describe the noteworthy emphasis that contemporary philosophers put upon language. Language began to play a central role in Western philosophy in the early 20th century. One of the central figures involved in this development was the German philosopher Gottlob Frege, whose work on philosophical logic and the philosophy of language in the late 19th ...

Electric Language A Philosophical Study Of Word Processing ...

A second case study for the influence of linguistics in the philosophy of language is presented in the discussion of subjunctive conditionals in von Fintel 2001. Giving an analysis of subjunctives has been of philosophical interest since Chisholm 1946 and Goodman 1947. Stalnaker 1968 and Lewis 1973 advocate competing theories
