IMO Standard Marine Communication Phrases - imo.org

The resolution adopts the Standard Marine Communication Phrases (SMCP) and recommends a wide circulation to all prospective users and all maritime education authorities. The IMO SMCP replace the Standard Marine Navigational Vocabulary (SMNV) adopted by IMO in 1977 (and amended in 1985). The SMNV was developed for use by seafarers, following agreement that a common language - namely English - should be established for navigational purposes where language difficulties arise and the IMO SMCP ...

Standard Marine Communication Phrases - imo smcp Audio

The Standard Marine Communication Phrases (SMCP) is a set of key phrases in the English language (which is the internationally recognised language of the sea), supported by the international community for use at sea and developed by the International Maritime Organization (IMO).

Standard Marine Communication Phrases - Wikipedia

The adoption of the IMO Standard Marine Communication Phrases (SMCP) as IMO resolution A.918 (22) marked the end of a stage that started as far back as 1973, the year that IMCO - as it was then called - decided, through the Maritime Safety Committee at its 27 session, that the common language to be used in the maritime context should be English and that it was necessary to establish the level of knowledge of this language and the vocabulary required to be able to navigate safely.

IMO Standard Marine Communication Phrases (S.M.C.P.)

When responding to a yes or no question – the appropriate response is to say “Yes...” or “No...” – and then follow it up with the specified phrase in full. If the requested information is not available, the appropriate response is: “stand by” – followed up with the time in which the information will become available.
