Jazz

Jazz is a music genre that originated in the African-American communities of New Orleans, United States in the late 19th and early 20th centuries, with its roots in blues and ragtime. Since the 1920s Jazz Age, it has been recognized as a major form of musical expression in traditional and popular music, linked by the common bonds of African-American and European-American musical parentage.

Jazz, musical form, often improvisational, developed by African Americans and influenced by both European harmonic structure and African rhythms. It is often characterized by syncopated rhythms, polyphonic ensemble playing, and the use of original timbres. Learn more about its history and prominent musicians.

jazz | Definition, History, Musicians, & Facts | Britannica

Jazz is a musical art form which originated around the beginning of the 20th century in Black communities in the Southern United States from a confluence of African and European music traditions. The style's West African pedigree is evident in its use of blue notes, call-and-response, improvisation, polyrhythms, syncopation, and the swung note ...
