Further, DOS for Dummies remains an entertaining book and if you use DOS, it's the book you want to assist you. The basic idea of this book is that you can identify a problem you're having with your computer, ranging from how to turn the thing on to how to back up only the files that have changed since the last backup.

Amazon.com: DOS For Dummies eBook: Gookin, Dan: Kindle Store

Second, DOS for Dummies was (I believe) the book that launched the entire "Dummies" series of books. The alliteration made it a catchy title (less so of every dummies books ever since) and the use of humor made it VASTLY different from the typical computer books of the day (horrible things really).
