The website features a massive collection of eBooks in categories like, IT industry, computers, technology, etc. You can download the books in PDF format, however, to get an access to the free downloads you need to sign up with your name and email address.

Pilkington Nanofilm Hybrid Anti Reflection
Nanofilm coating deposited on Pilkington OptiView™ was found to be more durable than when deposited directly on standard float glass. Keywords: glass, anti-reflection, low friction, hydrophobic 1. Introduction Digital signage and displays are one of the media's most powerful sources. The demand for digital signage and displays is steadily growing.

Pilkington / Nanofilm hybrid anti-reflection coating White ...
Pilkington OptiView™ is a laminated glass with anti-reflective coatings on surfaces #1 and #4 (both outer surfaces of the laminated glass), which reduces interior and exterior visible light reflectance to less than 2%. As a consequence, views from both inside and out are clear, un-obscured and virtually reflection-free.

Pilkington OptiView™ Range
The Pilkington Planar™ system is the world's market leader for structural glazing systems. Special Applications Offers solutions to specific requirements for glass in buildings.

Product Categories - Pilkington
The leading maker of professional lens care products, is featuring two new products at Vision Expo East: Clarity Defog It anti-fog towelettes and liquid and Clarity EcoClens Lens Cleaner.
