The Norton Book of Science Fiction by Ursula K Le Guin ...

The problem with this book is that it's a "Norton Book" and will be used as a teaching tool. Due to the prominence of Norton's stuff on college campuses, it's easy to imagine students who don't have much experience with written science fiction taking classes from professors who don't have much experience with written science fiction, using this book as a resource.

The Norton Book of Science Fiction: North American Science ...

The Norton editors are to be both commended and lamented. In these kinds of anthologies--English, American, World, etc.--they provide a really handy resource for examining vast amounts of literature. However, they also construct stories, genres, and sets of ideologies that may or may not have ever occurred to the authors at the times.
